ABOUT THE MARTU PEOPLE

The Martu People are the Traditional Owners of extensive lands in the Pilbara region of Western Australia. Our Country is one of resilience, culture, and deep connection to the land, waters and community.

ABOUT: REGINIA (JILLY) GIRGIRBA

Reginia (Jilly) Girgirba is a proud Martu woman with strong cultural ties to Country and over 15 years of experience in the mining and resources sector. Her career has spanned operations, training, maintenance, and autonomous mining environments with companies including Ngarda Civil and Mining, Fortescue Metals Group, BHP, and local haulage businesses. Following her transition from mining to caring for family, Reginia became a passionate advocate for community wellbeing. Her lived experience and commitment to improving housing outcomes for Martu families were instrumental in the founding of Martu Waru, where she provides cultural leadership and helps drive opportunities that strengthen communities across the Western Desert.
